REASONS FOR ALLOWANCE

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Stephen B. Ackerman on March 19, 2004.

The application has been amended as follows:

In the claims:

- a. Claims 45-83 have been cancelled for being drawn to a non-elected invention.
2. The following is an examiner's statement of reasons for allowance:

A primary reason for the allowance of claims 1, 17-24, 26 and 44, under the above conditions, is that the prior art fails to teach or suggest, either alone or in combination, the instantly claimed method wherein the method includes the step of forming the specular reflecting material wherein the specular reflecting material is the material instantly claimed (i.e. oxidized FeTa, oxidized Fe or oxidized $(\text{Fe}_{65}\text{Co}_{35})_{97}\text{V}_3$ for claim 1 and oxidized FeTa for claim 26).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
